SURFACE REPAIR
BUSINESS WITH
A NATIONAL
BRAND BEHIND
YOU

Welcome to Surface Medic

This franchise is built for people who want to run a business, not just do a job. You start with your own van and your own exclusive territory, supported by Head Office-generated leads, and you grow into a multi-van operation by employing technicians of your own.

Why Choose Surface Medic?

- **A growth path, not just a job.** Start on the tools, add a technician in your first year, and build towards a three-van business.
- **Leads delivered to you.** Head Office runs Google pay-per-click (PPC) advertising for your territory, so you are not starting from a cold diary.
- **Exclusive territory.** Full ownership of your local area.
- **A service people need.** Repairs are cost-effective, quick (typically a few hours) and an eco-friendly alternative to replacement.
- **Low overheads.** No premises needed. Work from home.
- **Support from people who do this every day.** Training, sales and marketing help, technical backup and a franchisee community.

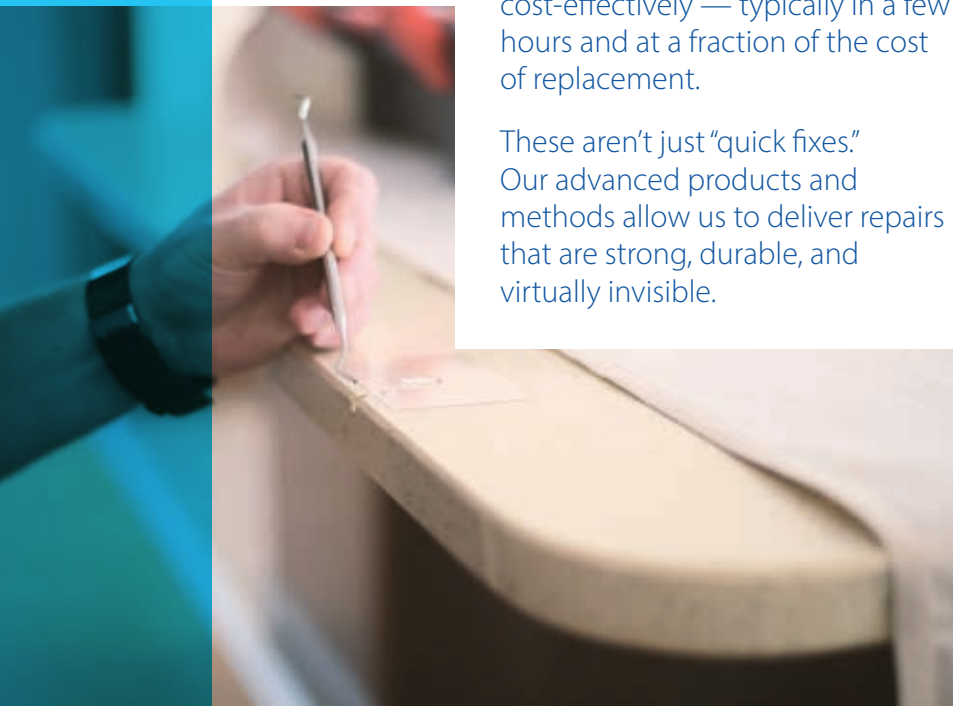

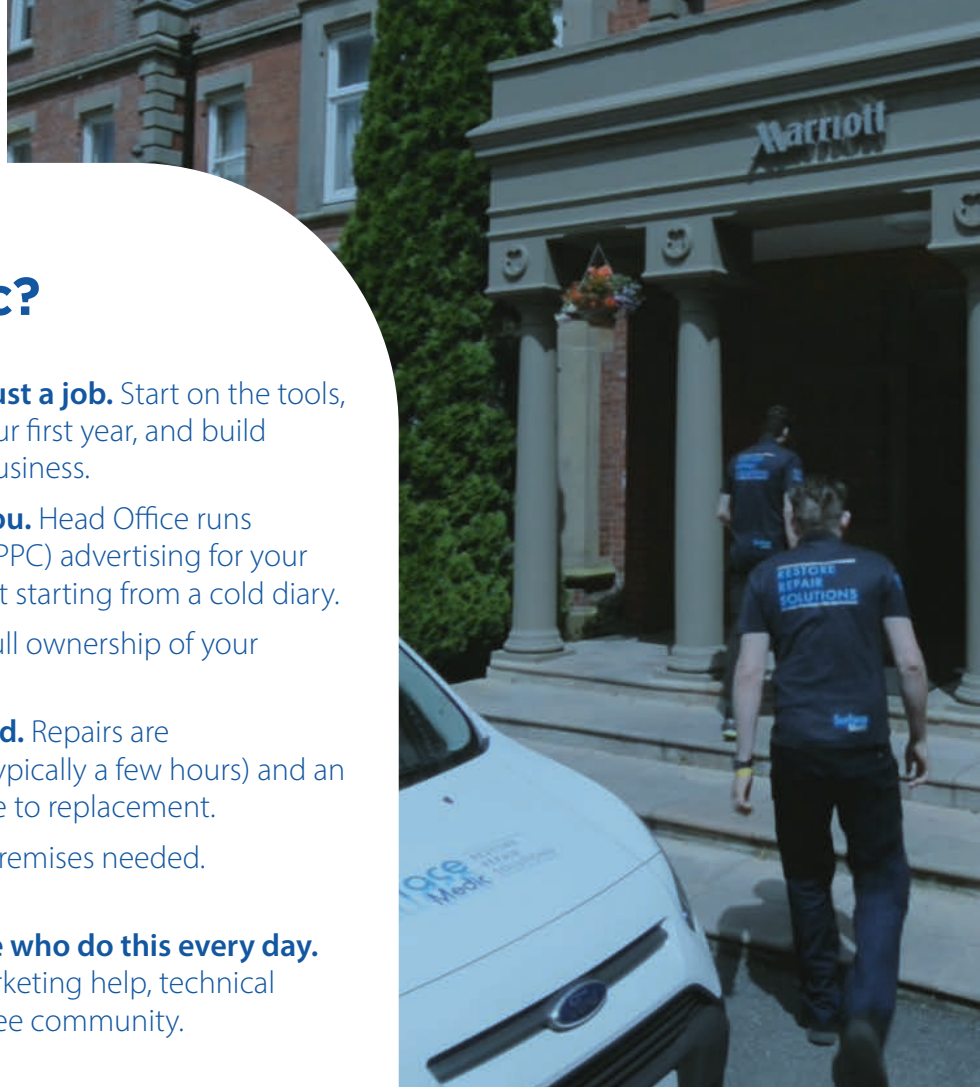

What We Do: The Power of Cosmetic Surface Repair

Surface Medic specialises in cosmetic hard surface repair, which involves restoring damaged areas of fixtures and fittings to look “as good as new.” Our repairs are completed quickly and cost-effectively — typically in a few hours and at a fraction of the cost of replacement.

These aren’t just “quick fixes.” Our advanced products and methods allow us to deliver repairs that are strong, durable, and virtually invisible.

Common repair types include:

- **Scratches and scuffs** on doors, floors, baths and worktops
- **Chips and cracks** in kitchen units, bathroom ceramics, tiles and sinks
- **Burn marks** on counters or laminate surfaces
- **Dents and damage** to uPVC window frames and cladding
- **Surface blemishes** in wood, plastic, stainless steel or stone

Areas of Work: Every Sector, Every Property Type

One of the best things about Surface Medic is the sheer variety of work available. Your days will never be repetitive – you might work in a newly built home in the morning, a high-end hotel in the afternoon, and a retail shop after that.

Our Work Gallery

A key part of your business will be showcasing the amazing results you deliver.

Training includes:

- **Practical Repair Techniques**
hands-on training with expert guidance
- **Health & Safety Awareness**
staying safe on domestic and commercial sites
- **Real-World Mentoring**
on-the-job experience alongside an existing franchisee
- **Business Tools & Systems**
job management app, quoting, invoicing and scheduling
- **Marketing & Sales Skills**
how to find work, sell your services and build repeat business
- **Head Office Induction**
client expectations and brand standards
- **Ongoing Training**
continuous support as your business evolves

Your Next Step

Becoming a Surface Medic franchisee is an exciting opportunity to build your own business within a nationally supported framework. If you're motivated, practical and customer-focused, we'd love to hear from you.
